OPTAIN : Dviete [Latvia]

Year of issue

2024

Summary

Main nature values are the eutrophic floodplain meadows, which provide nesting sites for the corn-crake (Crex crex) and other rare bird species. Local partnership building: Union of the Dviete Valley Municipalities (DSPA) founders are five municipalities (Bebrene, Dviete, Eglaine, Pilskalne and Sedere parishes). Many projects have developed in close cooperation between the Daugavpils University and this NGO.
